- * Please note that in case the US dollars devalue against the Brazilian Real, rate may be revised.
- * All rates are subject to change without previous warning.

Miramar by Windsor: Facing the world-famous Copacabana beach, the Miramar Hotel counts with a Contemporary cuisine restaurant, a rooftop bar/lounge and a pool with panoramic view of the ocean, a fitness center, sauna and beach service. Wireless Internet access is available.

Furnished with sophistication, the air-conditioned guestrooms provide, in-room safes, direct-dial phones, and 42-inch LCD televisions equipped with satellite channels. Bathrooms offer bathroom phones, rainfall showerheads, hair dryers. Additional amenities include minibars and pillow menu.

Our suggestions of experiences in Rio:

- Enjoy the sunset at Ipanema beach, then have a drink at Astor bar, beach front.
- Have dinner at Zaza Bistro, a romantic and charming restaurant with contemporary cuisine.
- Visit the brand new Museum of the Future and the Historical Downtown Rio, then taste lunch at the traditional Confeitaria Colombo.
- Visit the charming Santa Teresa area and taste lunch at Aprazivel restaurant.
- Have fun in the evening at Lapa, the bohemian area of Rio. We recommend Rio Scenarium, an unique club with live music.

Pousada Picinguaba: A charming pousada, in an exceptional natural setting, where you can interact with nature and the local life. It overlooks a peaceful bay at the heart of the Natural Park of Serra do Mar, facing the sea and a 3 km-long protected sandy beach.

There are nine exclusive and comfortable rooms, all opening onto the natural surroundings and the sea. There is no television, no phone and no Internet inside the rooms, so the richness of the place becomes more visible. The king beds, beautiful sea view balconies with hammocks and other details will make your visit to Picinguaba an unique experience, we believe luxury is simplicity.

Optional experiences in Picinguaba, not included on the price:

- Day-Trip on our schooner to the islands around us, a protected natural area, stopping at deserted beaches, with a lunch of ceviche or fresh fish. (this excursion may be shared with other guests).
- Hike through the glorious primary forest of the Serra do Mar, to rivers and waterfalls, with private local guide.
- Visit of the historical town of Paraty (30min) with private guide (English or French Available)
- Surf lessons with local guides (or get your own board to try yourself),
- Venturing out in Kayak / stand up paddle to visit the beautiful Picinguaba bay, row up the rivers, or just go to spend the day at the magnificent Fazenda beach (a short walk from the hotel, selected one of the 10 most beautiful beaches in Brazil).
- Other experiences: Spend the day on a small boat to explore deserted coves nearby, go fishing with a local fisherman early morning and catch your meal of squids and scallops, or hang out and feel the vibes of the small village of Picinguaba.

Reservations are subject to availability.
